AUTHOR GUIDELINES FOR IGARSS 2023 ABSTRACT
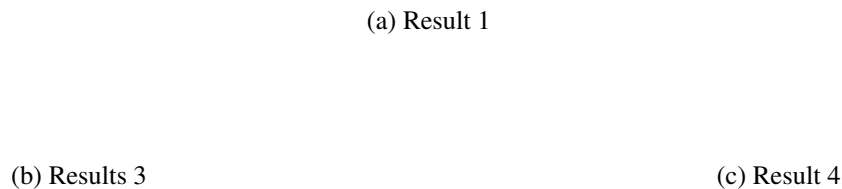

Author(s) Name(s)

Author Affiliation(s)

The abstract should contain minimum of 500 to maximum of 1000 words and may include 1-2 figures and graphs. References should be in second page and doesn't have page limit. All manuscripts must be in English and printed in black ink. Font type of Times-Roman is encouraged. Use a font that is no smaller than ten-point type throughout the paper, including figure captions.

The evaluation criteria for the abstracts are:

- Topic relevance

- Originality of the content

- Methodology / Research design

- Evaluation of results and derived conclusion

- References to previous work

- Correct English usage

Figures and graphs must appear within the designated margins. Caption and number every illustration. All illustrations should be clear when printed on a black-only printer. Color may be used.

Since there are many ways, often incompatible, of including images (e.g., with experimental results) in a LaTeX document, below is an example of how to do this.

(a) Result 1

(b) Results 3   (c) Result 4

Fig. 1. Example of placing a figure with experimental results.

Instruction for References: List and number all bibliographical references at the end of the paper. The references can be numbered in alphabetic order or in order of appearance in the document. When referring to them in the text, type the corresponding reference number in square brackets as shown at the end of this sentence [1].
